### **EXAMINER'S AMENDMENT**

1. An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it **MUST** be submitted no later than the payment of the issue fee.

Authorization for this examiner's amendment was given in a telephone interview with Mr. James K. Okamoto on June 3, 2009.

#### In the claims::

Claim 1 (Currently amended): A method of fault recovery by a switch in a local area network, the method comprising:

a switch port detecting a link failure at a port of the switch; and

the switch clearing all medium access control (MAC) address entries from a MAC address table of the switch in response to the link failure detection and without receiving from outside the switch any signal that signifies that the MAC address table of the switch is to be cleared

### ***Response to Arguments***

2. Applicant's arguments, see pages 2-7, filed April 1, 2009, with respect to claims 1-16 have been fully considered and are persuasive. The rejection of claims 1-16 has been withdrawn.

***Allowable Subject Matter***

3. Claims 1-16 are allowed.

4. The following is an examiner's statement of reasons for allowance:

For claims 1-9, the prior art fails to teach or render obvious the combination of:  
the switch clearing all medium access control (MAC) address entries from a MAC address table of the switch in response to the link failure detection and without receiving from outside the switch any signal that signifies that the MAC address table of the switch is to be cleared

For claims 10-16, the prior art fails to teach or render obvious the combination of:  
a plurality of ports wherein at least one port implements a link-loss-learn protocol wherein upon detecting a link failure at the port, the MAC address table is cleared of all MAC address entries therein without receiving from outside the apparatus any signal that signifies that the MAC address table of the apparatus is to be cleared.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
